

# BUILDING FOR GOOD

A national platform linking charities and nonprofits with skilled construction lawyers who provide pro bono construction law services. Pilot services currently being launched in Florida, Massachusetts, Minnesota and New Jersey.

## LOCAL COMMUNITY:

### Who do we help?

- Charities
- Nonprofit organizations

### What kind of projects?

- Food banks
- Homeless shelters
- Domestic violence shelters
- Community facilities
- Schools
- Conservation organizations
- Any other construction project by a charity and/or nonprofit

### How may we help?

- Building for Good is a web-based service connecting qualified nonprofits and charities with volunteer construction lawyers in their local area
- Please visit our website to request legal help: [building4good.org](http://building4good.org)
- A Building for Good staff member will contact you to discuss your project and, once confirmed, coordinate assignment of a construction lawyer to help you

Family Resource Associates, Red Bank, NJ

## Steps to serving Building for Good

- Be a construction lawyer and member of the American Bar Association Forum on Construction Law: [americanbar.org/constructionlaw](http://americanbar.org/constructionlaw)
- Meet qualifications and complete registration with Building for Good
- Be ready to serve when called

## LEGAL COMMUNITY:

### How can YOU help?

- Provide pro bono legal services to the underserved and marginalized in your community
- Make a meaningful contribution to your community
- Give back professionally/personally
- Support Building for Good with your charitable donation (address provided below)
