

# City of Moscow

## *Earth Week*

Interested in learning how you can become more sustainable and help Moscow become a more sustainable community? The City of Moscow is celebrating Earth Week 2011 by providing informative sessions for the public to learn about all the options available in our community to do just that.

***Monday, April 18th, 6:30 p.m., University of Idaho Commons – Aurora Room***

This year the City of Moscow and the University of Idaho Sustainability Center have joined together to celebrate Earth Week. In honor of this partnership, there will be a presentation by both entities that highlights the sustainable programs that are available to University students and the general public. Representatives from various programs including, Water Conservation, Green Building, the Moscow EcoDriver Program and more will be there to discuss City programs. The session will be held at 6:30 pm in the Aurora room in the University of Idaho commons.

***Tuesday, April 19th, 6 p.m., City Hall Council Chambers***

The City of Moscow and Latah County are proud to be one of the few communities in the nation that is able to divert more than 50% of our waste away from the landfills. Tuesday, April 19th at 6pm in Moscow City Hall, Moscow Recycling Manager and Education Coordinator Andy Boyd will be presenting on the recycling programs and options for Moscow.

***Wednesday April 20th, 1 p.m., City Hall Council Chambers***

Avista Utilities presents: Energy Savings for Homes and Businesses. Lead Engineer and Energy Solutions Specialist Tom Lienhard will present information on low cost and no cost energy savings techniques as well as what incentives are available from Avista. This session is for home-owners and businesses that are interested in saving energy and money.

***Wednesday April 20th, 7 p.m., Kenworthy Performing Arts Center***

The City of Moscow Sustainable Environment Commission is sponsoring a showing of the movie "A Chemical Reaction." This film is a documentary that tells the story of one community's choices regarding chemical pesticides and herbicides.

***Thursday, April 21st, 6 p.m., City Hall Council Chamber***

Public transportation is a lifeline for the community. It keeps citizens mobile and connected while reducing potential carbon emissions. At this forum, you can expect to learn how to be more involved, how public transportation is funded in Idaho, and what public transportation options currently exist.

***Friday, April 22nd, 9 a.m., Friendship Square – Downtown Moscow***

Join the City of Moscow, Chamber of Commerce, University of Idaho Students, and Athletes at the annual Moscow Cleanup Day. We'll be cleaning up for graduation and celebrating Earth Day!

***Call Sustainability Intern Brady McNall for more information at 208-883-7122.***
