

The Northeast Chapter of the Washington Native Plant Society invites you to

CELEBRATE NATIVE PLANT APPRECIATION WEEK

WEEKEND WORKSHOP APRIL 20-21

An Introduction to Botanical Art

WITH **LINDA ANN VOROBİK**

<http://www.vorobikbotanicalart.com/>

Learn the basics of creating botanical illustrations from professional botanist, botanical illustrator, and teacher, Dr. Linda Ann Vorobik. All skill levels are welcome: accomplished artists can increase their knowledge of botany and skilled botanists learn drawing and painting techniques.

Day 1: Introductions and demonstrations followed by supervised drawing to create pencil drafts for watercolors; later in the morning pen & ink supplies are described and techniques are demonstrated. The afternoon consists of lecture/demonstrations on watercolor supplies and techniques followed by drawing and painting time.

Day 2: The second day includes more demonstrations followed by supervised drawing and painting. The workshop closes with a friendly critique of works produced.

Eastern Washington University Turnbull Laboratory for Ecological
Studies Cheney, WA

Cost for both days \$150 (lunch included) - Space is limited
