

ROSES

OF THE INLAND PACIFIC NORTHWEST

Native and Invasive Species

A Presentation by Pamela Pavek
Conservation Agronomist, NRCS Plant Materials Center

Thursday, April 3, 7:00pm

1912 Center Great Room

412 East 3rd St., Moscow

Sponsored by the White Pine Chapter - Idaho Native Plant Society
www.whitepineinps.org

Come learn how to identify the most common rose species in the Inland Pacific Northwest, new taxonomy of the native species, and methods for controlling the invasive species.
